Whose Child is This?

Author Unknown

"Whose child is this?" I asked one day
Seeing a little one out at play
"Mine", said the parent with a tender smile
"Mine to keep a little while
To bathe his hands and comb his hair
To tell him what he is to wear
To prepare him that he may always be good
And each day do the things he should"

"Whose child is this?" I asked again
As the door opened and someone came in
"Mine", said the teacher with the same tender smile
"Mine, to keep just for a little while
To teach him how to be gentle and kind
To train and direct his dear little mind
To help him live by every rule
And get the best he can from school"

"Whose child is this?" I ask once more
Just as the little one entered the door
"Ours" said the parent and the teacher as they smiled
And each took the hand of the little child
"Ours to love and train together
Ours this blessed task forever."

Year 6, you've made it; not only to the end of your time in primary school but to the end of a very challenging and unnerving year as a consequence of Covid-19. Your resilience, hard work and high spirits have inspired us all. I genuinely hope you will look back on your time with us with the fondest of memories and of course wish you all a great deal of happiness, good health and success as you start your secondary schooling. You should know that with hard work, determination and courage you can achieve your dreams. There are absolutely no limits!

It's been nearly 7 years at Hill West! It will be hard to say see ya, adios au-revoir, tchau in other words: bye. I hope we will have a reunion to catch up with everyone.

At school, I like seeing my friends, teachers, and taking part in fun lessons. I especially enjoyed camping on the field and going to Aberdovey since I have many funny, ever-lasting, and warm memories there.

Some people I have known before school and even since birth, I am going to say that my friendship group has changed a bit and now high school's coming it is most likely going to change more.

When we were camping on the field, I was paired up with Anna, Sophie, Havana, Florence and Angelina. I kept going to one side of the tent to the other to keep up to date with the group. My night went from horror stories to laughter for no reason and a puppet show!!!! We all took turns being a look out!

Year 6 has been fun and I think we have grown closer because of covid.

I hope we will be able to go to the leaver's party! I look forward to seeing everyone!

It's been a pleasure learning and will forever be grateful for the friends and teachers I have met.

My most memorable moment is when we went camping. I had a tent with Rachel, Tilly and Lily. We spent ages putting it up as it was too hot and all the poles were muddled. After, all the events at Hill West I feel like I'm mature and have come out of my comfort zone due to the events we have done like Aberdovey

My favorite moment was when we brought the goats in as they were so much fun and ran around jumping up and playfully headbutting. I think everybody enjoyed it and the goats certainly enjoyed it.

When I started at Hill West, I knew a few people from playgroup but was nervous as I'd barely met anyone else. The first time I met 2 of my best friends (Rachel and Louisa) was when me and Tilly had lined up for assembly and they were behind us. We heard them chatting about me as I had lost my first teeth due to an accident, which made me need an operation, we confronted them and started laughing and chatting and have never looked back however Louisa left in 2020 a year before we were due to leave.

Message to a friend and/or teacher(s)

Thank you for being there and having a laugh.

The Best thing about school is...

English, because I get to write like a track star. I also like break time because I get to go to the brown house with my mates and wave to Anna for no reason.

My Favourite Moments

My favourite moment in school was when I got my creativity award because I know I wasn't great at art back then, but I still got it because I'm a creative queen!

All in all, I've had a very happy school life, I will miss some of my friends, but most are going to Arthur Terry so HA HA you won't get rid of me that easily you little noobs!

My Funniest moment

When I used to stand in the lunch line at the start of lunch so no-one could get in front of me, I wouldn't even budge if my friends told me to play with them, I would just wait for lunch then bolt into the dining hall because I'M A RUNNER I'M A TRACK STAR.

My most memorable moments

When I first came to school and instead of crying like all of the other children, I ran away from my mom, who was crying her eyes out, and most literally SCREAMED "HELLO NEW FRIENDSSSSS!!!"...Then I burst everyone's eardrums! Ok the end come back next time kiddies!

What I am most proud of

I'd like to thank me, myself and I for forcing to get up every day and go to school. I'm very proud of that yeah, yeah, yeah.

Message to a friend and/or teacher(s)

"Hey Shawtyyyy how you doing? I just wanna say that if u forget about me, I'll haunt your dreams and you will be stuck in an endless loop of darkness ... OK anyways goodbye"

I'd also like to thank Miss Anderson and her pugs for being amazing and good at the game. Mr Britton is another person I'd like to thank, I know he's out of school, but I still have a year 2 class picture of him on my magnet at home, so y'know. I'd like to thank Mrs Kaur for being funny and always making me laugh.

Fun facts about me

So basically yeah some fun facts about me are; I'm ginger, I'm taller than my classmates because I drink a lot of MILK, I have learnt that the only way is anime and that's it because reasons.

What I wish for the future

I want to take over the world, but I won't give away my plan because then you'll just use it noob... And if that doesn't work out I'll just watch anime and learn to become a bird like in howl's moving castle. But not just any bird... one with LASER EYES THAT CAN BRING THE WORLD TO ITS KNEES WITHIN SECONDS HAHHAHAHA!

K Bye I'm gonna go cry in the corner now.

I have loved my time in Primary School. It's been the best (Wrens, Swallows, Kingfishers, Rabbits, Moles, Badgers and finally Otters) – what an amazing journey.

When I started Reception class in 2014 I was full of mischief and not too much has changed in the last 7 years. Here is a picture of me on my very first day in school.

I have made so many good friends since then and have enjoyed playing in the mini-playground (I still do actually). When I was in Year 1 I could barely sit still but oh how I've grown, now I can sit for almost a full lesson (with the help of some fidgets)!

I really enjoyed camping on the field in Year 4 and have included a picture of me on the field. I was partnered with Kara, and Jayna and Tori were in the other half of the tent but we ended up huddled altogether in the same section of the tent (there wasn't much room). That day, I had sneaked in some TikTaks to share but by the morning they were gone! In the night my tent buddies apparently ate them! Tori was snoring by the time I was ready to sleep and I simply couldn't take it. I went off to Mrs Anderson's tent but she was snoring too. I ended up sleeping on the Woodpeckers sofa (moths all around me)! In the morning I really didn't want to clean my teeth so I came up with a 'cunning' plan. In the school field there is a tree and there is a hole in that tree so I decided to squirt all of my toothpaste in the hole. But then some other Year 6 children approached so I lent against the tree hole with my bottom. My pyjamas were then covered in toothpaste – so I rushed back to my tent, put some clothes on and tried to dilute it with water to get it off. But that made me all wet – disaster! But it was the

best of times.

As I grew up I started to experiment with my hair. First I cut a little triangle into my fringe. My mum was furious! Next I tried dying my hair pink and wearing it in space buns! But to be honest I hated long hair.

It was a drag... hard to wash, hard to brush, hard everything. So on my 10th birthday I decided to cut it all off and have short (boy style) hair – see opposite for an up-to-date Year 6 picture. Over the past year, in lock-down, Squishmallows have kept me going. I now have quite a collection, 35 in total. I take one most places with me and we have bought some tiny ones that I am planning to take in my pocket with me to secondary school. I shall miss Hill West but look forward to a new beginning. I will visit often of course, perhaps on my bike, and will still look forward to summer and Christmas fayres.

Funniest moment - when I was walking through the corridor with Mrs Anderson and we were playing a game where you had to say one random word. Just as I said "ancient" we happened to walk past Mr George's classroom. We discretely hurried on and 1 minute later we both burst out laughing! Shh – don't tell him!

The Best thing about school is...

I enjoy the open space and outdoor time / lessons and the very many hopeful lifelong friendships I have made during my 7 years at Hill West.

My Favourite Moments

My favourite moment must be leaping off the pier in Aberdovey into the cold Irish sea on a bleak December day. This being closely followed by the trip to Woodlands where the highlight for me was the zip line and Dominos pizza.

My Funniest moment

This for me has to be, when I stared with Josh as Ant and Dec (I was Dec) at a school play performing our own version of 'Ant and Dec Saturday Night Take Away'. My most memorable moments

This for me is easily again, Aberdovey and plunging down the rocky gorge in a wetsuit – I still tell people how cold it was! Also memorable was when we won (the first time in many, many years) the 'inter school' football competition whilst in year 4 beating year 5 team(s)

My Funniest moment

Myself & Angelina were playing this really fun game and we just burst out laughing for no reason whatsoever and we just couldn't stop! Also, when we were camping whilst Tori was snoring her head off, me & Jayna snuck out of the tent and tried to sneak into Angelina's, Florence's, Serena's & Havana's tent, as we couldn't sleep but Mrs Terry must have heard us and came out with a torch saying, "Who's there?" Which made us laugh but Jayna got caught so I dived back into our tent and hid in my sleeping bag trying not to laugh.

My most memorable moments

Was when we went to Aberdovey. I shared a dorm with Daisy, Rachel & Summer and we played a game called try not to laugh but it was really difficult but so much fun. The Best thing about school is...

Building things like when we made a catapult in year 4 and tanks in year 6.

My Funniest moment

- When Mrs Evans span around and her glasses fell off her face (and sadly broke so they were balanced on her face using rulers).
- When Mr Ellison lost power in lockdown so he couldn't teach us on zoom.
- when Mr Minto burnt his toast (and set the fire alarm off 😞).

My most memorable moments

In Aberdovey we missed the train back to where we were staying, so we had to walk another mile to get to the minibus.

I remember when we were doing a lesson about rocks and Mrs Lampitt let us eat cake to represent different types of rocks.

In year 4, I enjoyed camping on the school field because it was really cool seeing the school field at night.

Message to a friend and/or teacher(s)

To everyone in my class and year, I really hope we can keep in touch, I'll miss you all 😞.

To Mr Ellison - thank you for reading Harry Potter and the City of Ember during lockdown (it was great!!! 😊) and finally thank you to all my teachers for helping me get so far 😊.

Name: Thomas

Class: Otters

My favourite moments:

When our dorm had a massive pillow fight during our year 5 school trip (Aberdovey). The funniest part was when Maxi hit me with a pillow which pushed me into the fire alarm door which set the alarm going. After that, we all panicked and ran to the reception door and lined up as that was what we were told to do in case of fire when we got to Aberdovey. But the most annoying part was none of us had any shoes on!

The best thing about school is:

The egg rolling race on the hill because in year 4 I accidentally let go to late so my egg went flying up, it went so high and it didn't even smash. The best part is everyone got a fruit chew at the end.

My Funniest moment:

My funniest moment is when we were at Aberdovey and me and my group had to jump off a pier. But when it was my go, I jumped into the water and I lost my shoe. The same thing happened to Carlo but he got his shoe back, in the end I didn't. :(When I got back from Aberdovey my mom was furious.

My most memorable moments:

The most memorable moment was our year 4 camping trip, we slept in some tents on the field. I was in a group with Maxi, Carlo, Josh and Nihal. When we woke up we could actually go outside and play at 8:00AM! In the night all I heard was Carlo snoring and it was so hot I had to go outside to get some fresh air. But in the end I fell asleep.

What I am most proud of:

I'm most proud of my improvement of my work and my handwriting. I am also proud of getting the gold certificate which you can only get once a week out of the whole key stage.

Message to a friend and/or teacher(s):

I have been at this school for 7 long years and now I'm finally leaving. I consider myself lucky that I had such a nice primary school experience.

My Favorite Moments....

Wales was a really good experience (year 5 residential). My dorm included Evie Brennan, Serena, Lily, Ben walker and a few year other year sixes. I loved the independence of it. The hikes, the rock climbing, and lots more fun activities. Woodlands was also really fun (year 3). The zipwire and climbing were my favourite activities. After that, It lead me and Angelina to have a joint birthday there. Our cake had a picture of me, and Angelina on It and IT WAS SO GOOD!

Leavers is another favourite moment because of all the activities (like the hoodies, ice cream and what I'm doing right now) the graduation photos were SO much fun but the picture of me throwing my hat was embarrassing. It was like I was screaming at my hat.

My most memorable moments

I think leavers will be the most memorable moments for me. My sister (Scarlett who was here at the school with me for 4 years) told me the last week at school is the most memorable moment. When Scarlett was at the school, I dressed up as Miranda Sings (youtuber) and my teacher (Miss Jones) played a YouTube video of Miranda but Scarlett was really embarrassed. Graduation photos were also very memorable, but I talked about that in my favourite moments.

Residentials and school trips were the best bit of school. My favourite were Wales, Woodlands and RAF Cosford for a history lesson.

Lunch times

My friends (Anna, Evie Brennan, Ellie, Daisy Watkeys and Carlo) always went to a hut at the back in the corner of the school. We didn't really play games most of the time we just talked. When Havana's friends had a birthday, Havana organized a surprise party and always went there to eat the cupcakes and squash. Florence, Havana, Serena and Angelina always have surprise parties at lunchtimes. During Coronavirus, we watched movies in the classroom when we were eating our lunch. We sometimes played a massive game together as a class, most of the time it was hide and seek tig.

The best thing about school is playing with my friends and having fun talking and having fun with them. I also like how everyone in the class are friends.

My favourite moments are when we were in code club and we were doing Lego coding and playing with these round balls.

My funniest moments are basically everyday like when Evie falls off her chair and someone tells a silly joke or when somebody screams really loud so everything is funny.

The most memorable moment was when we had our last Christmas and Bella was lying down on the floor of the playground.

I am most proud of my work that I produce and the fun I have doing it but I hate comprehension it just bores me.

My message to all my friends is that we have had so much fun over the years and we will never forget the fun we had.

Two fun facts about me is that I have a dog and I love doodling, painting or any artsy or crafty stuff.

My wish for the future is to get into a good grammar school or just a good school and get a good job.
