

HILL WEST *Primary*

FOUR OAKS

Home Learning Pack

Year 1

Week Beginning 21.06.21

Home Learning Links

Oak National Academy

Oak National Academy is an online classroom and resource hub. It provides high-quality video lessons and resources to support teachers, parents and pupils.

www.thenational.academy

BBC Bitesize

With BBC Bitesize it is easy to keep learning at home. You can access regular daily lessons in English, maths and other core subjects.

<https://www.bbc.co.uk/bitesize>

Phonics English Hubs

Online phonics lessons for the Letters and Sounds phonics programme.

<https://www.wandleenglishhub.org.uk/lettersandsounds>

World Book Online

World Book online have just made their fabulous collection of over 3,000 e-books and audiobooks available for free for children to access at home. They have books suitable for all ages. Click on the following link to access them.

<https://worldbook.kitaboo.com/reader/worldbook/index.html?usertoken=Mjk5MzQ6MTpJUjA5MjAxNjoyOmNsaWVudDE2OTc6MTY5NzoyMjE2Mjg4OjE6MTU4NDM4MDEzMzA2Mjp1cw%3D%3D>

Read Works.org

Read Works offers access to 3000+ comprehension for all age groups. Just sign up for a free account to access fantastic texts.

<https://www.readworks.org/>

Beanstalk

Beanstalk website is packed with lots of interactive materials for children aged 1 to 6. They are offering free access to all families during the COVID-19 pandemic.

<https://beanstalk.co/>

Tutortastic

An online platform with tutorials and videos for home learning.

<https://www.tutortastic.co.uk/blog/homelearning>

Education Quizzes

A series of short quizzes for children to complete related to the National Curriculum subjects. Just select KS1 for Reception, Year 1 & Year 2 and select KS2 for Years 3-6.

<https://www.educationquizzes.com/ks1/>

Top Marks

A range of activities here but especially good interactive activities for maths.

<https://www.topmarks.co.uk/>

Classroom Secrets

Classroom Secrets Kids is offering free access to everyone until the end of April 2020. The platform is aimed at primary aged children and covers subjects such as maths, reading, grammar and

spelling. The platform is really child-friendly so that they're able to access it on their own. There are a load of games and interactive activities from phonics to SATs
<https://kids.classroomsecrets.co.uk/>

National Geographic

National Geographic is a great platform for learning and it's totally free. There are online games, resources and competitions, too.

Reading Eggs

NOTICES FOR PARENTS

Key text <https://www.youtube.com/watch?v=3X3zxjN1H8g>

Key Question Week 9: What is the Black Rock?
Key Text for Linked Learning: The Secret of Black Rock
Linked Learning: English, Geography, D&T, Science
In English this week, the children will be reading the exciting book, 'The Secret of Black Rock.' Before starting to read the book, children be inferring what they think the secret is. The children will listen to a description from the book, of an object, and will have to use their inference skills to visualise what the object is. Children will use parts of the text to inspire them to write their own setting descriptions, will focus on their sentence structure, including expanded noun phrases, and will think carefully about their choice of vocabulary. In Geography children will link together their prior learning to look at world maps; seven continents, five oceans and the four parts to the United Kingdom. Children will be using a world map to label these areas to help them with the locations of these places. In DT, children will combine their designing skills with the scientific knowledge to design a floating vessel that meets specifications to enable travel to Black Rock. They will collaborate with their friends to test and make improvements. In order to build their boat, they first need to experiment with different materials; which float and which do not and consider reasons why?
Maths: Children will begin the week recap learning on addition and subtraction with money through solving word problems. (Eg. Tom has 15p in his money box. His sister has a 5p and a 2p coin. How much do they have altogether?) Then children will be subtracting single digit numbers from 2-digit numbers using facts; looking at the ones instead of the tens to make it a smaller subtraction (e.g. $36 - 4 = \underline{\quad}$ - first do $6 - 4 = ?$ And then use this to support answering the 2-digit number sentence). By the end of the week children will progress on to adding by collaborating to identify different types of number fact within a range of number sentences.
Science: See above
History: Children will be recapping learning on 'William Hillary' and 'The Wright Brothers'. Children will be continuing to research the 'Wright Brothers'; recording lengths of their first flights, what the aeroplane was made out of and other interesting facts.
Geography: See above
Computing: Children will explore what cyber bullying is and making a poster using the copy and paste method taught from the previous week.
Music: Reflect, Rewind, Replay. Children will continue to listen to classical music; The Bird by Prokofiev (from Peter And The Wolf) - an Orchestral piece composed in 1936 - early 20th Century music. Children will be encouraged to verbalise their responses to the music. Build upon knowledge from previous units using correct musical vocabulary and terminology. Focus the discussion around instruments, texture, tempo and the other interrelated dimensions of music.
Art / Design Technology: See above
PDW / R.E: Children will be discussing strategies to help manage their feeling and behaviour; identifying when they have felt different emotions such as happy, sad, angry, scared, anxious and jumbled up and how they can overcome these emotion with different strategies discussed as a class.
P.E: Children will take part in team games involving throwing and catching with defending and attacking teams.
Vocabulary: The children will be learning the following words from The Secret of the Black Rock
Mysterious outsmart wildly loomed desperately echoed translucent mustachioed anchor glimpse

English Monday

Before reading the key text, look closely at the title name and front cover and make a prediction about what you think the text is going to be about. You could include what you think the secret might be?

English Tuesday - Retell the story using the pictures below. Can you do it verbally and add sentences for each picture?

<https://www.youtube.com/watch?v=3X3zxjN1H8g>

English Wednesday – visualise what I have read.

The rock is bumpy and gigantic.
The edges are razor sharp. It is surrounded
by colourful fish.

Erin saw translucent glowing jelly fish.

CHALLENGE – write your own description and have somebody draw their visualisati

English Thursday – setting description.

Razor sharp

Pointy peaks

Crashing waves

Jagged

Rough

Stormy

Layers of rock

English Friday – setting description.

Tranquil

Crowded

Gleaming

Enchanted

Twinkled

Majestic

Solving word problems (money)

Day 3: Solving word problems (money).

Tom has **15p** in his money box.

His sister has a **5p** and a **2p** coin.

How much do they have altogether?

Day 3: Solving word problems (money).

Bella puts 5p into her piggy bank.
She already had 9p in there.
How much does she have altogether now?

David had saved up 12p for the school fair.
He bought a cake for 5p.
How much does he have left to spend?

Harry has 13p for the school trip but he lost 6p on the way to school.
How much has he got left?

Subtract single-digit numbers from 2-digit numbers using facts

Day 1: Subtracting single digit numbers from 2-digit numbers using facts.

$$6 - 4 = 2$$

$$16 - 4 = 12$$

How can the first calculation help us answer this one?

The 1s digits are the same but the 10s are different.

The number we are starting with is 10 more, so the answer is also 10 more!

Day 1: Subtracting single digit numbers from 2-digit numbers using facts.

$$26 - 4 = 22$$

$$36 - 4 = 32$$

$$46 - 4 = 42$$

If we know that $6 - 4$ is 2, we can answer loads of other questions too!

**BUY ONE

Subtract single-digit numbers from 2-digit numbers using facts

Day 1: Subtracting single digit numbers from 2-digit numbers using facts.

$$8 - 3 = 5$$

$$18 - 3 = 15$$

1-100 number grid

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

Day 1: Subtracting single digit numbers from 2-digit numbers using facts.

$$8 - 3 = 5$$

$$18 - 3 = 15$$

$$28 - 3 = 25$$

$$38 - 3 = 35$$

$$48 - 3 = 45$$

Because we know that
 $8 - 3$ is 5, this helps us
answer these
questions.

1. $8 - 4 =$

$18 - 4 =$

2. $4 - 2 =$

$14 - 2 =$

3. $6 - 3 =$

$16 - 3 =$

4. $9 - 2 =$

$19 - 2 =$

5. $5 - 3 =$

$15 - 3 =$

6. $7 - 5 =$

$17 - 5 =$

7. $8 - 7 =$

$28 - 7 =$

8. $6 - 4 =$

$26 - 4 =$

1. $6 - 3 =$

$16 - 3 =$

$26 - 3 =$

2. $9 - 2 =$

$19 - 2 =$

$29 - 2 =$

3. $8 - 4 =$

$28 - 4 =$

$38 - 4 =$

4. $7 - 3 =$

$27 - 3 =$

$47 - 3 =$

5. $6 - 4 =$

$16 - 4 =$

$56 - 4 =$

Add or subtract 1- digit numbers to/from 2-digit numbers using 1s digit facts or patterns

Day 2: Add or subtract 1- digit numbers to/from 2-digit numbers using 1s digit facts or patterns.

$$\begin{array}{rcl} 4 + 5 & = & 9 \\ 14 + 5 & = & 19 \\ 24 + 5 & = & 29 \end{array}$$

Answer these questions.
Remember to use the fact from the first calculation to help.

Day 2: Add or subtract 1- digit numbers to/from 2-digit numbers using 1s digit facts or patterns.

$$\begin{array}{rcl} 7 - 3 & = & 4 \\ 17 - 3 & = & 14 \\ 27 - 3 & = & 24 \end{array}$$

Answer these questions.
Remember to use the fact from the first calculation to help.

Add or subtract 1- digit numbers to/from 2-digit numbers using 1s digit facts or patterns

Day 2: Add or subtract 1- digit numbers to/from 2-digit numbers using 1s digit facts or patterns.

$$34 - 2 = 32$$

What number fact
can help us to
work this out?

?

$$4 - 2 = 2$$

Day 2: Add or subtract 1- digit numbers to/from 2-digit numbers using 1s digit facts or patterns.

$$26 + 4 = 30$$

What number fact
can help us to
work this one out?

?

$$6 + 4 = 10$$

$$5 + 4 =$$

$$15 + 4 =$$

$$25 + 4 =$$

$$7 - 2 =$$

$$17 - 2 =$$

$$27 - 2 =$$

$$6 + 3 =$$

$$16 + 3 =$$

$$26 + 3 =$$

$$8 - 4 =$$

$$18 - 4 =$$

$$28 - 4 =$$

$$9 - 5 =$$

$$19 - 5 =$$

$$29 - 5 =$$

$$3 + 4 =$$

$$13 + 4 =$$

$$23 + 4 =$$

$$33 + 4 =$$

Adding single-digit numbers to 2-digit numbers using number facts (doubles and bonds to 10 in 1s digits)

Day 1: Adding single digit numbers to 2-digit numbers using number facts (doubles and bonds to 10 in 1s digits).

$$34 + 4 =$$

Can you spot the number fact that will help us answer this addition?

Day 1: Adding single digit numbers to 2-digit numbers using number facts (doubles and bonds to 10 in 1s digits).

$$4 + 4 =$$

$$4 + 4 = 8$$

So all we need to do now is add 30 onto the 8 to make 38!

Adding single-digit numbers to 2-digit numbers using number facts (doubles and bonds to 10 in 1s digits)

Day 1: Adding single digit numbers to 2-digit numbers using number facts (doubles and bonds to 10 in 1s digits).

$$28 + 2 =$$

Day 1: Adding single digit numbers to 2-digit numbers using number facts (doubles and bonds to 10 in 1s digits).

$$8 + 2 = 10$$

$$28 + 2 = 30$$

1-100 number grid

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

1. $13 + 3 =$

2. $24 + 4 =$

3. $16 + 4 =$

4. $43 + 7 =$

5. $25 + 5 =$

6. $38 + 2 =$

7. $45 + 2 =$

8. $41 + 9 =$

9. $52 + 2 =$

10. $61 + 5 =$

**Adding single-digit numbers to 2-digit numbers using number facts
(addition fact patterns in 1s digits)**

Day 2: Adding single digit numbers to 2-digit numbers using number facts (addition fact patterns in 1s digits).

We already know this
number fact.

$$4 + 5 = 9$$

This is 10 more:

$$14 + 5 =$$

$$\text{So... } 14 + 5 = 19$$

Day 2: Adding single digit numbers to 2-digit numbers using number facts (addition fact patterns in 1s digits).

We already know this
number fact.

$$3 + 5 = 8$$

This is 10 more:

$$13 + 5 = 18$$

This is 20 more:

$$23 + 5 = 28$$

Adding single-digit numbers to 2-digit numbers using number facts (addition fact patterns in 1s digits)

Day 2: Adding single digit numbers to 2-digit numbers using number facts (addition fact patterns in 1s digits).

$$36 + 3 =$$

We know:

$$6 + 3 = 9$$

So we can find $36 + 3$
by adding 10s to this
answer.

$$36 + 3 = 39$$

Day 3: Adding single digit numbers to 2-digit numbers using number facts (addition fact patterns in 1s digits).

$$6 + 3$$

$$16 + 3$$

$$26 + 3$$

$$36 + 3$$

$$46 + 3$$

$$56 + 3$$

$$66 + 3$$

$$76 + 3$$

$$86 + 3$$

$$96 + 3$$

$$5 + 3 =$$

$$2 + 6 =$$

$$4 + 4 =$$

$$3 + 6 =$$

$$5 + 4 =$$

$$3 + 5 =$$

$$7 + 2 =$$

$$6 + 2 =$$

$$15 + 3 =$$

$$12 + 6 =$$

$$14 + 4 =$$

$$13 + 6 =$$

$$15 + 4 =$$

$$23 + 5 =$$

$$17 + 2 =$$

$$36 + 2 =$$

$$25 + 3 =$$

$$22 + 6 =$$

$$24 + 4 =$$

$$23 + 6 =$$

$$35 + 4 =$$

$$43 + 5 =$$

$$67 + 2 =$$

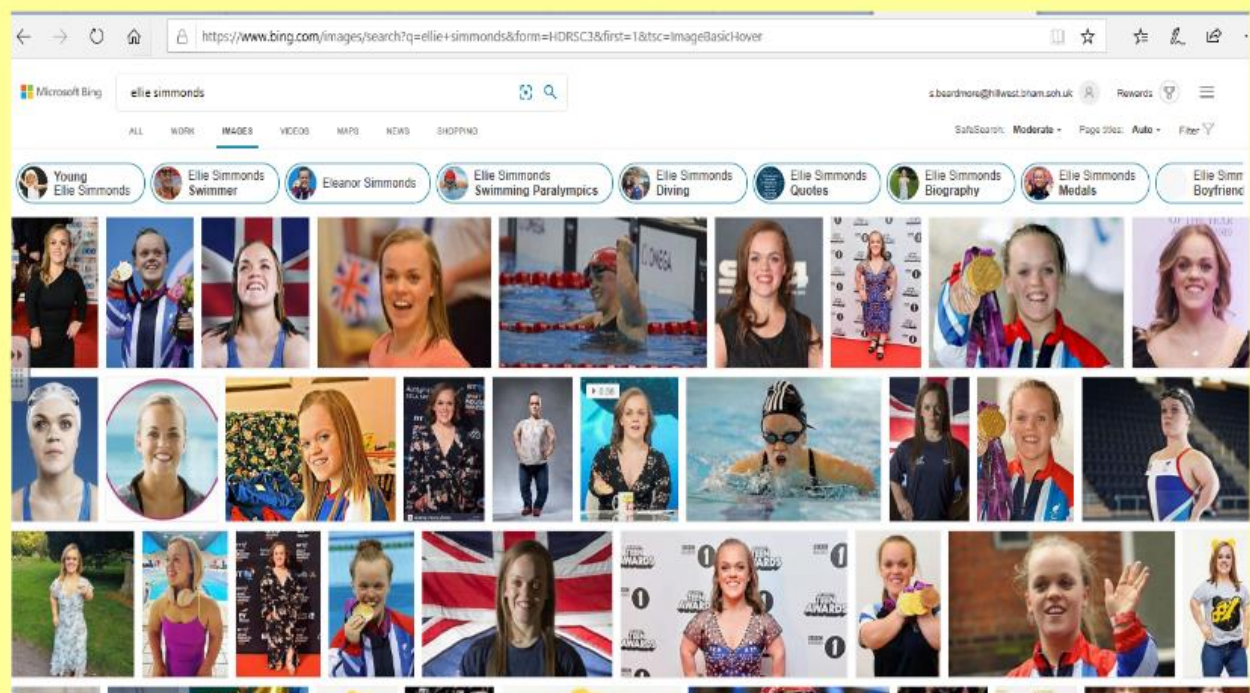

$$86 + 2 =$$

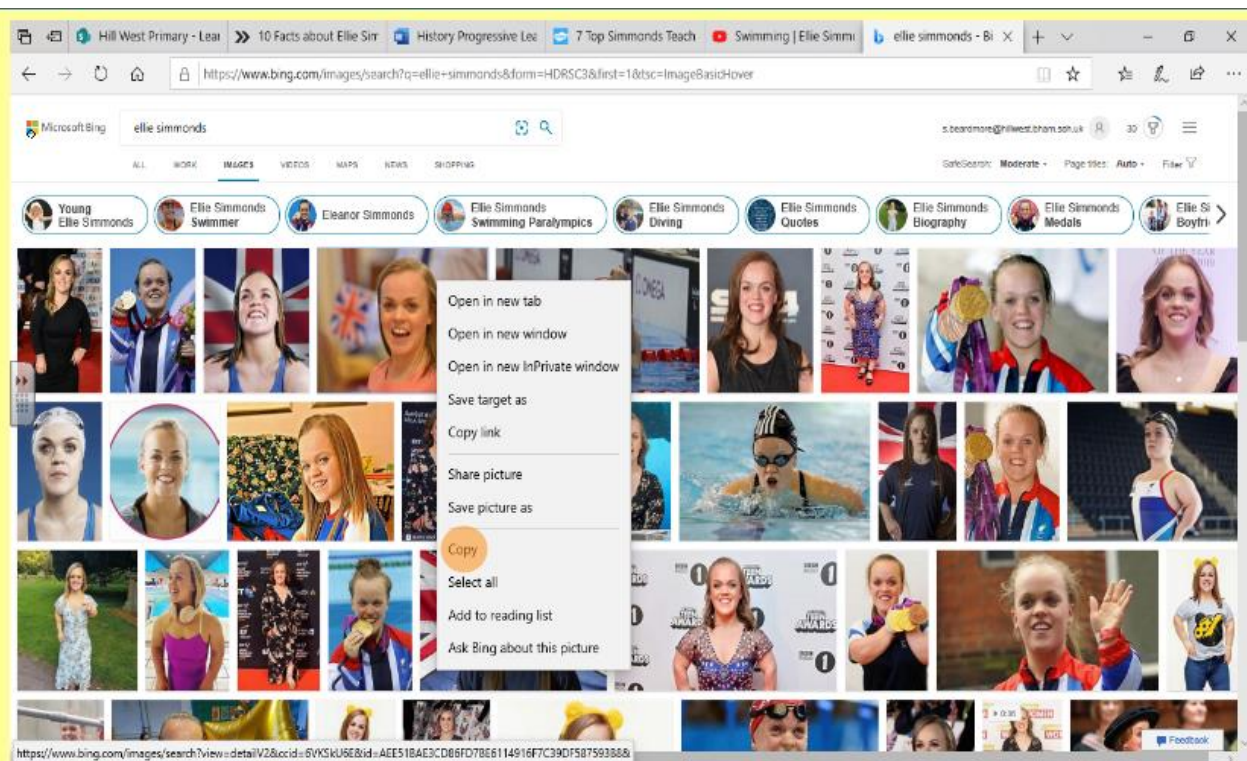

Computing

Last week we copy and pasted 'Ellie Simmonds, now it's time to research the wright brothers. Make a poster

Then left click and press paste

DT

Design your own vessel. We will be making a designing on Tuesday.

DT and Science

First of all we need to decide what our boat will be made off. Choose a material to test to float.

You Will Need:

- a variety of card and paper
- paper towels
- tin foil
- acetate sheets
- sticky tape
- wax crayons
- felt tips
- bowl of water for testing the boats

What are you going to find out from doing this investigation (Hypothesis)

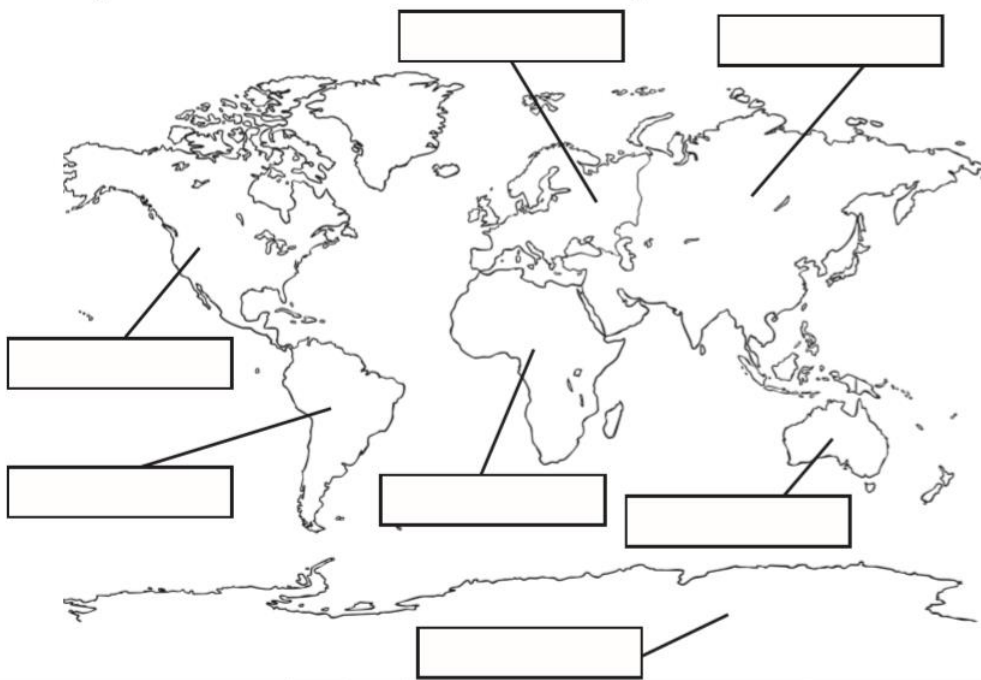

What do you think is going to happen? (Prediction)

What materials are you going to use? (Resources)

What happened during your investigation?

What have you found out (Conclusion)?

The Wright Brothers

Wilbur and Orville Wright were brothers. They grew up in the USA. They built and tested the first aeroplane.

Childhood

The brothers loved to build things and test new ideas. Their father gave them a toy helicopter. This made them want to fly. They also liked to find out about how birds fly.

Their Flights

Orville made the first flight in an aeroplane in December 1903. It only lasted for 12 seconds but the brothers did not give up.

Wilbur tried to fly a new aircraft in November 1904. The flight lasted for over five minutes.

Timeline

Questions

- What did the Wright brothers do? Tick one.
 - ☐ Built and tested the first aeroplane.
 - ☐ Built and tested the first rocket.
 - ☐ Built and tested the first hot-air balloon.
- What did their father give them? Tick one.
 - ☐ a toy bird
 - ☐ a toy train
 - ☐ a toy helicopter
- How long was the first flight? Tick one.
 - ☐ 12 days
 - ☐ 12 seconds
 - ☐ 12 minutes
- Who flew a new aircraft in November 1904? Tick one.
 - ☐ Orville
 - ☐ Wilbur
 - ☐ their father
- What happened in 1961? Tick one.
 - ☐ The first flight into space.
 - ☐ The first flight in a helicopter.
 - ☐ The Wright brothers were born.

Monday 21st June

Vocabulary - To deconstruct the word 'translucent'.
