Handwriting:

This week we are continuing to work through the set 1 letter family (c, o, a, d, g, f, s, q, e)

Remember:

- To hold your pencil/pen correctly.
- To sit on a chair and a desk with a straight back whilst practising your handwriting.

Begin with each letter individually. When you feel very confident and are forming the letter correctly and consistently, then have a go at the joining pattern (see model below).

## Music: Samba music

Samba is Brazil's most well-known musical form and most widely played kind of Brazilian music. Samba bands are made up of many sections of different percussion instruments, which all have different, repetitive rhythms to play.

Listen to examples of the different Samba Instruments and performances online.

It can be very tricky to play a fast rhythm over and over – a good tip to help keep in time is to use a word phrase.

Try clapping or speaking the rhythms as the instruments play. Then, try splitting in half and clapping or speaking the two different rhythms at the same time!

Bra - zil      O - lum - pics

The first box shows the musical notation for the phrase 'Bra - zil O - lum - pics'. 'Bra' is a quarter note, 'zil' is a quarter note, 'O' and 'lum' are beamed together as a half note, and 'pics' is a quarter note.

bas - ket      ball \_\_\_\_\_

The second box shows the musical notation for 'bas - ket ball'. 'bas' is a quarter note, 'ket' is a quarter note, and 'ball' is represented by a half note with a blank line. A yellow arrow points from the 'bas - ket' part to the 'ball' part, indicating a transition or continuation.

Bra - zil      O - lum - pics

The third box shows the musical notation for the phrase 'Bra - zil O - lum - pics', identical to the first box.

bas - ket ball \_\_\_\_\_      bas - ket ball \_\_\_\_\_

The fourth box shows the musical notation for the phrase 'bas - ket ball' repeated twice. Each instance consists of a quarter note for 'bas', a quarter note for 'ket', and a half note for 'ball' with a blank line.

vol - ley ball

wrest - ling

Ri - o de - Ja

When all the players in a samba band have practised their rhythms, it's time for a performance! Everyone plays their rhythms together, and this is called the '**main groove**'. If you are feeling extra creative, compose your own new Samba rhythms!

## Geography: All about the Equator

Look at the model set  
up by your teacher.  
What does it represent?  
What does it show us?

### Equator

- The equator is an imaginary line that divides the Earth in half.
- The equator is an equal distance between the North and South Poles.
- The weather on the equator is hot all year round.
- At the equator, day and night are both 12 hours long.

#### Did You Know?

Although the weather is generally hot, there is a mountain on the equator where you can ski!

## Challenge Question

Why do you think places at the equator are hot?

### Challenges:

1: Can you show a representation of the sun, earth and equator using everyday objects?

2: Can you use weather symbols from our previous learning to show the weather differences on your earth in relation to the equator?

GD challenge 3: Can you take a closer look at the globes and investigate which continents or countries the equator passes through?

## RE – The Easter Story

Please watch the short video about the Easter story <https://www.bbc.co.uk/teach/class-clips-video/religious-studies-ks1-the-christian-story-of-easter/zhgv47h>

How do you think Jesus was feeling at this point?

## ✝ Why is it called Good Friday?

The name may be derived from 'God's Friday' in the same way that good-bye is derived from 'God be with ye'. It is 'good' because the barrier of sin was broken.

## ✝ What happens on Good Friday today?

Since the early nineteenth century, before the introduction of [bank holidays](#), Good Friday and Christmas Day were the only two days of leisure which were almost universally granted to working people. Good Friday today is still a public holiday in much of the UK. This means that many businesses are closed.

### **Fasting**

Some Christians fast (go without food) on Good Friday. This helps them remember the sacrifice Jesus made for them on the day of crucifixion.

### **Procession**

Some Christians take part in a procession of witness, carrying a cross through the streets and then into church.

### **Special Church Service**

Many churches hold a special service. This may be a communion service in the evening or a time of prayer during the day, especially around 3 o'clock as that is about the time of day when Jesus died.

Many Churches hold services lasting three hours. They may celebrate the Stations of the Cross, or take part in Passion plays and dramatic readings.

Churches are not decorated on Good Friday. In some churches, pictures and statues are covered over. It is seen as a time of mourning.

## ✝ Traditional Food

It is traditional to eat warm 'hot cross buns' on Good Friday. Hot Cross Buns with their combination of spicy, sweet and fruity flavours have long been an Easter tradition.

### **Why do we eat Hot Cross Buns ?**

The pastry cross on top of the buns symbolises and reminds Christians of the cross that Jesus was killed on.

Hot Cross Buns

The buns were traditionally eaten at breakfast time, hot from the oven. They were once sold by street vendors who sang a little song about them.

Activity – create your own information page all about the Easter story, re-telling facts that you have learnt.
